Mildef Crete Inc. 2023 Annual operation report

Dear all shareholders, investors, and distinguished guests. It's my pleasure to be here with you again to discuss and review the performance of MilDef Crete Inc. in 2023.

The year 2023 was a year full of opportunities for the defense industry. The COVID-19 pandemic has come to an end, and most countries have emerged from the shadows, ushering in a new era after the pandemic. As geopolitical disputes continue worldwide, countries are increasing their defense budgets, leading to a noticeable surge in the defense industry.

However, the market was constantly changing, and in 2023, the defense industry continued to face the following challenges:

- Increasing Inflationary Pressure: Inflationary pressures are rising in many countries, partly due to currency printing and supply chain disruptions worldwide, leading to higher selling prices.
- U.S.-China Trade Relations: The trade tensions between the U.S. and China persist, leading to a series of trade negotiations and tariff adjustments, which are impacting the global trade landscape.
- Russian-Western Relations: The relationship between Russia and Western countries, including Europe and North America, continues to be tense, especially concerning geopolitical disputes in Ukraine and other regions.
- Conflict in the Middle East: Geopolitical conflicts and tensions persist in the Middle East, involving many countries and organizations in regions such as Syria, Iraq, and Iran.
- Energy Price Volatility: The volatility of the energy market, including changes in oil and natural gas prices, is partly due to geopolitical factors and climate events.
- Supply Chain Restructuring: Some countries and companies are beginning to re-assess and adjust their supply chain strategies to reduce dependence on a single region.

The above events have a direct and indirect impact on the company's business and supply chain operations.

From an optimistic perspective, due to the impact of geopolitical policies and wars, the military defense budgets of various countries constantly increase. We have been committed to this industry for many years and are confident of the subsequent growth in demand. Additionally, we believe that we will be able to show our strengths in new products and market deployment and seek new profitable opportunities for our shareholders.

In addition, the System Operation Division has decided to expand its production capacity in 2023 by expanding the SMT production line and increasing the operational space of the factory. This expansion is in preparation for the expected increase in capacity demand over the next 3 to 5 years. We believe that with our quality products and strong market presence, this expansion will lead to a direct increase in orders for the factory.

The Channel Operation Division has experienced a downturn in 2023, due to the facts that the demand brought by the pandemic had been met, the need brought by the work from home and distance learning had been satisfied. The price decline and excessive inventory pressure on laptop products in the distribution channels still need time to digest. Currently, with demand being satisfied and the market slackening, we are looking forward to the new AI-PC driving demand from new consumer groups and further boosting sales of AI laptops to achieve new records.

Although the international situation is full of uncertainties, we did not forget our fundamentals. This year, we have introduced numerous new equipment and innovative process technology to meet the market demand. We always prioritize quality, as we believe that only with high-quality products can we earn the trust of our customers, further gain the trust in the market and seize more cooperation opportunities.

The company is confident in challenging the market, striving for revenue growth in the volatile market, and seeking business opportunities.

The overall financial performance of the company in 2023 is as follows:

I. Operating results:

In 2023, the Company's consolidated revenue was NT\$2.99 billion, an increase of 10.33% compared to NT\$2.71 billion in 2022. The profit after tax attributable to the parent company was NT\$460 million, a 100% increase from NT\$230 million in 2022.

Research and development

The R&D expenses in 2023 were NT\$86.7 million, representing an increase of 24.41% compared to NT\$69.8 million in 2022. This increase was mainly due to the upgrade of existing model platforms and the development of special models for regional clients. We completed the development of 14 Series and started to prepare products for Android platform. To prepare for the new market, we have invested in R&D and started to develop targeted products for the mining market.

Operation project and future development strategy

The Channel Operation Division is looking forward to the new AI-PC driving demand from new consumer groups and further boosting sales of AI laptops to achieve new records.

The System Operation Division released the launch of 14 series models of this year's new products, injecting new impetus into the market and partners and stimulating customized demand services. The System Operation Department continuously updates the equipment in the plant at the same time, replaces the old equipment, and purchases new equipment to strengthen the production capacity. We have strengthened the production and manufacturing ERP system, improved the quality control, provided optimization and rate of change for customized production, and greatly improved the efficiency of production. We are preparing handheld products for the Android system platform in terms of technical extension, constantly strengthening our integration ability, providing customized solutions for customer application devices on different operating systems, and providing one-stop services for customers.

We continue to invest in new markets. Market research, personnel investment, and product development are all in progress simultaneously. The core value of the System Operation Division is that we can provide customized products under customer needs. Many products in the market cannot meet the application needs of special industries. MilDef Crete Inc. can provide customers with complete product solutions. The global customer system is also the strategic goal of MilDef Crete Inc. It is not only the challenge of constantly expanding new fields, but also the room for growth in the future.

Expected Sales Quantity and its Basis

Digital transformation is everywhere. In addition to the business opportunities brought by industrial digital transformation, drones in the Russia-Ukraine war are also seen as one of the cases of defense digital transformation. Observing the rugged computer industry, defense digital transformation, and geopolitical changes, we see an accelerating drive in demand for defense equipment. This trend is expected to continue to boost grow momentum and sales quantity in the coming years.

Affected by the external tense environment and the overall operation environment

The company's operation is guided by the highest guiding principle of conscience and complies with relevant regulations at home and abroad. The management team also continues to pay close attention to any changes in policies and laws that may affect the company's finance and business as a business reference. It also cooperates with professional institutions to pay close attention to the development of relevant regulations, and immediately adjust the strategy to meet the needs of the operation.

Prospect

We will strive to develop new markets and industries, upholding our core belief in excellent quality and customer service. We will continue to expand our market, pursue sustainable profit models, and reward to our shareholders, customers, and suppliers for their support.

Thank you!

Best wishes

Good health and good luck

Annex III

Certified Public Accountant's Audit Report

To the Board of Directors of Mildef Crete Inc.,:

Opinion

We have audited the balance sheet of Mildef Crete Inc. as of December 31, 2022 and 2021, as well as the statements of comprehensive income, changes in equity and cash flows for January 1 to December 31, 2022 and 2021, and the notes to the parent company only financial statements, including a summary of significant accounting policies.

In our opinion, the aforementioned parent company only financial statements have been prepared in all material aspects according to the Regulations Governing the Preparation of Financial Reports by Securities Issuers. They fairly present financial position of Mildef Crete Inc. as of December 31, 2023 and 2022, its financial performance and cash flow for the periods from January 1 to December 31, 2023 and 2022.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of Mildef Crete Inc. in accordance with the Norm of Professional Ethics for Certified Public Accountants, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the parent company only financial statements of Mildef Crete Inc. for the year 2023. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, we do not provide a separate opinion on these matters. We judge that they key audit matters to be communicated in the audit report are as follows:

Inventory Valuation

As to detailed accounting policies related to inventory valuation refer to Note 4 (7) to the standalone financial statements; for details on estimation and hypothesis uncertainty of inventory valuation, refer to Note 5 to the standalone financial statements; concerning provision for inventory write-down, refer to Note 6 (4) to the standalone financial statements.

Explanations of key audit matters:

Inventories shall be measured based on the cost or the net realizable value whichever is lower.

Mildef Crete Inc. is engaged in manufacturing and selling rugged computers. Generally, the life cycle of rugged computers is long. In consideration of businesses, inventories of certain key components shall be maintained for in a relatively long term. However, future requirements might change. As a consequence, related components would not be sold as expected and their inventories would become obsolete and slow-moving. In that case, inventory costs would exceed their net realizable value. The net realizable value of inventories has to be estimated dependent upon subjective judgment of the management, so inventory valuation is one of the important matters for evaluation in our audit of the financial statements of Mildef Crete Inc.

Corresponding audit procedures:

Our audit procedures performed in respect of the above key audit matter mainly included checking the inventory aging reports provided by Mildef Crete Inc. and analyzing changes in inventory age in different phases; randomly checking correctness of the inventory aging report; performing inventory valuation and confirming implementation of existing accounting policies by Mildef Crete Inc.; and evaluating appropriateness of the past provision for obsolete and slow-moving inventories by the management.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

Management is responsible for the preparation and fair presentation of the standalone financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of standalone financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the ability of Mildef Crete Inc. to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate Mildef Crete Inc. or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the financial reporting process of Mildef Crete Inc.

Accountants' Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high degree of assurance, but audits performed in accordance with audit standards cannot guarantee that the existence of material misstatements in an audit will be detected. Misstatements might arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with the generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. The accountant also performs the following tasks:

- 1. Identify and assess the risks of material misstatement of the parent company only financial statements resulting from fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or override of internal control.
- 2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but the purpose is not to express an opinion on the effectiveness of the internal control of Mildef Crete Inc.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Based on the verification evidence obtained, the conclusion is drawn as to whether there is a material uncertainty regarding the appropriateness of management adopting a going concern accounting basis and the event or circumstance that may raise significant doubts on the ability of Mildef Crete Inc. to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause Mildef Crete Inc. to cease to continue as a going concern.
- 5. Evaluate the overall expression, structure and content of the parent company only financial reports (including related notes) and whether the parent company only financial reports are fair presentation of related transactions and events.
- 6. Obtain sufficient and appropriate audit evidence on the financial information of the invested company by using the equity method to express opinions on the parent company only financial statements. We are responsible for direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion issued in respect of the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the governing body, we determine those matters that are significant in the audit of the parent company only financial statements of Mildef Crete Inc. of year 2023. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Name of the Company: Mildef Crete Inc.

Certified Public Accountant's Audit Report

To the Board of Directors of Mildef Crete Inc.:

Opinion

We have audited the accompanying consolidated balance sheets of Mildef Crete Inc. and subsidiaries as of December 31, 2022 and 2023, and the related consolidated statements of income, changes in equity, and cash flows for the years then ended, and the related notes to the consolidated financial statements, which comprise a summary of significant accounting policies.

In our opinion, the aforementioned consolidated financial statements have been prepared in all material aspects according to the Regulations Governing the Preparation of Financial Reports by Securities Issuers, International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission. They fairly present the financial position of Mildef Crete Inc. as of December 31, 2023 and 2022, its financial performance and cash flow for the periods from January 1 to December 31, 2023 and 2022.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants and generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of Mildef Crete Inc. and its subsidiaries in accordance with the Norm of Professional Ethics for Certified Public Accountants, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of Mildef Crete Inc. and its subsidiaries for the year 2023. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We judge that they key audit matters to be communicated in the audit report are as follows:

Inventory Valuation

As to detailed accounting policies related to inventory valuation refer to Note 4 (8) to the consolidated financial statements; for details on estimation and hypothesis uncertainty of inventory valuation, refer to Note 5 to the consolidated financial statements; concerning provision for Write-downs of inventories and obsolescence losses, refer to Note 6 (4) to the consolidated financial statements.

Explanations of key audit matters:

Inventories shall be measured based on the cost or the net realizable value whichever is lower. Mildef Crete Inc. and its subsidiaries are engaged in manufacturing and selling rugged computers. Generally, life cycle of rugged computers is long. In consideration of businesses, inventories shall be maintained for certain key components in a relatively long term. However, future requirements might change. As a consequence, related components would not be sold as expected and their inventories would become obsolete and slow-moving. In that case, inventory costs would exceed their net realizable value. The net realizable value of inventories has to be estimated dependent upon subjective judgment of the management, so inventory valuation is one of important matters for evaluation in our audit of financial statements of Mildef Crete Inc. and its subsidiaries.

Corresponding audit procedures:

Our audit procedures performed in respect of the above key audit matter mainly included checking the inventory aging reports provided by Mildef Crete Inc. and its subsidiaries and analyzing changes in inventory age in different phases; randomly checking correctness of the inventory aging reports; performing inventory valuation and confirming implementation of existing accounting policies by Mildef Crete Inc. and its subsidiaries; and evaluating appropriateness of the past loss allowance for obsolete and slow-moving inventories by the management.

Other matters

Mildef Crete Inc. has prepared standalone financial statements for 2023 and 2022, and we have issued an auditors' report with unqualified opinions for reference.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and IFRS, IAS, IFRIC, and SIC endorsed and issued into effect by the Financial Supervisory Commission, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the abilities of Mildef Crete Inc. and its subsidiaries to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate Crete System Inc. and its subsidiaries or to cease their operations or has no realistic alternative, but to do so.

Those of Mildef Crete Inc. and its subsidiaries charged with governance, including the audit committee, are responsible for overseeing the financial reporting processes.

Accountants' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the general accepted auditing standards will always detect a material misstatement when it exists. Misstatements might arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. The accountant also performs the following tasks:

- 1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or override of internal control.
- 2. Obtain necessary understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control of Mildef Crete Inc. and its subsidiaries.
- 3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- 4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of Mildef Crete Inc. and its subsidiaries to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause Mildef Crete Inc. and its subsidiaries to cease to continue as a going concern.
- 5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including related notes, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- 6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities within the Consolidated Company to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the Consolidated Company audit. We remain responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those key matters in the audit of the consolidated financial statements of Mildef Crete Inc. and its subsidiaries for the year 2023. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.
